Latest I heard is that the news release is about to be approved by Brendan or Betsaida for release today. It will link to the osc.net website--to avoid this being seen as a HF problem--and not to epa.gov. The osc.net will have a fact sheet and, possibly, an ATSDR document. I'll let you and Nancy know when the release is out (or you may know before I do by keeping your eyes on the newsroom).

Ex. 5 - Deliberative

Please email me once you've posted it so I can link to it (am coordinating any new links or other content on my page with the EIC Ann Campbell who is Sussman's Special Assistant, or "Spec Ass" as Jeffrey puts it, and with Betsaida).

thanks!!!!!!!!!!

Christine, I'll coordinate a reply to you with Nancy. I've heard we might be doing a news release and Q&A--obviously something that has our RA's (Shawn Garvin) and, I'd guess, Bob Sussman's and OEAAE's heavy involvement.

I also have heard that something will be coming down the pipe, but I don't know what exactly or when. I'll let you know.

I have been alerted that y'all might post new info on HF activities in Dimock and Pavillion. If so, I'll want to link to it. Please let me know your plans and let me know what the new information is.

Thanks!
